

Senior Level Faculty Position in Experimental Nano-Optics

Center for Nano-Optics and Department of Physics and Astronomy, Georgia State University, Atlanta, GA, USA

The newly organized Center for Nano-Optics (CeNO) and the Department of Physics and Astronomy at Georgia State University (GSU) are seeking to fill a faculty position at a senior tenured faculty position (Full Professor) in experimental nanooptics and nanoplasmonics. The senior faculty member will strongly enhance experimental programs in nanooptics at GSU, will attract significant extramural funding, and will collaborate with other members of CeNO and faculty of the GSU Departments of Physics and Astronomy, Chemistry, Biology, and other GSU units. Candidates for the Senior Faculty position must meet all requirements for Full Professor, including doctorate in Physics, Chemistry, or Engineering, proven and sustained record of academic success and recognition, high-impact publications, and an excellent history of extramural funding. We are seeking candidates who have received national and international recognition for accomplishments in research and applications in nano-optics, nanoplasmonics, ultrafast optics, and/or related fields. This position carries a highly competitive salary, attractive benefits, and an excellent startup package commensurate with the candidate's qualifications. Specific details are negotiable.

Applications should include 1) a CV, including a publication list, 2) a statement of the candidate's research interests and how the research compliments that at GSU, 3) a statement of teaching experience and philosophy, and 4) contact information for at least three references. All materials should be submitted via email to PhySearch@phy-astr.gsu.edu to the attention of Dr. Mark Stockman, Director of CeNO and Distinguished University Professor, Center for Nano-Optics and Department of Physics and Astronomy, Georgia State University, Atlanta, GA 30303. Questions regarding the position can be addressed to Dr. Stockman at mstockman@gsu.edu. The position will remain open until filled. An offer of employment will be conditional on background verification. Georgia State University, a unit of the University System of Georgia, is an equal opportunity educational institution and an EEO/AA employer.
